David --

     Step one, of course, is the preparation of the conforming contract. Though I have not discussed this with John Garza, I assume that will be a John Garza/David Huberman activity.

     When the conforming contract is ready for filing, it needs to be filed along with a Joint Petition for Approval or Rejection (or something along those lines). Ameritech Illinois in-house attorneys typically take care of this. By copy of this note to Nancy Wittebort, I am suggesting that she let John Garza know who at Ameritech Illinois will handle this.

Dennis -

As I am sure you are aware, the ICC's arbitration decision orders SCC and
Ameritech Illinois to file, within 15 days from the date of service, a complete interconnection agreement for Commission approval pursuant to Sec.
252(e) of the Act. By my count, the 15th day falls on Saturday, April 7th,
which would make the due date Monday, April 9th.

So that we may discuss the logistics of this filing, please contact me at
your earliest convenience.

Thanks.
